**The Manhattan DD Council Transition  
Committee  
is being reestablished!**

The goal of the Manhattan Transition Committee is to promote successful transition from school to adult services through OPWDD for students with developmental disabilities.

Do you have a child with a developmental disability who is graduating or aging out of school and needs ongoing services, or do you work in schools supporting students in transition? Come learn about transition planning and the services available through NY State Office for People with Developmental Disabilities (OPWDD), including

supported employment services, day habilitation programs, and more.

We will discuss:

- What services are available after high school
- How you can successfully navigate the system
- Unique challenges and solutions

We will also hold a planning forum for families and school staff to discuss areas of interest and needs so we can best support youth in transition. Family members, school staff, and provider agency representatives are all encouraged to join! We want to hear everyone's voice, concerns, and ideas.

Light breakfast refreshments will be served.

**Mark Your Calendars**

**We look forward to seeing you there.**
